## What is Bahá'í?

One of the relatively new religions that addresses the oneness of God and religion, the oneness of humanity and freedom from prejudice, the inherent nobility of the human being, the progressive revelation of religious truth, the development of spiritual qualities, the integration of worship and service, the fundamental equality of the sexes, the harmony between religion and science, the centrality of justice to all human endeavors, the importance of education, and the dynamics of the relationships that are to bind together individuals, communities, and institutions as humanity advances towards its collective maturity.

He then began a detailed presentation on the Bahá'í Faith, its history practice, and buildings.
