Brother Mark was immediately engaging, and shortly asked the students to go around the room and introduce themselves in the context of how they each view Christianity and Jesus from their own perspectives. The answers were not only illuminating but helped us all to feel a closer connection to where each participant was coming from. Br. Mark had us thinking about Christianity in the context of the larger Cosmic picture, and made references to the film Journey of the Universe ([www.coursera.org/lecture/journey-of-the-universe/journey-of-the-universe-full-film-jBgl](http://www.coursera.org/lecture/journey-of-the-universe/journey-of-the-universe-full-film-jBgl)).

In an extension of this first segment, Br. Mark had us divide up into small "Breakout Groups" discuss what happened in their groups.

Continuing after the breakout group discussions, we continued with one member from each group reporting on what had been discussed in their own group. Further discussion also included a highlight toward the end in which the class brainstormed about what they should be included in at "Third Testament" of the Bible, if one were to be made today.
